

EASYSTART WEB CONTROL UNIT

EASYSTART WEB

NEW!

AVAILABILITY:

Market launch: 3rd quarter of 2016

EASYSTART WEB – THE NEW INTERNET-BASED CONTROL UNIT FOR AIR AND WATER HEATERS:

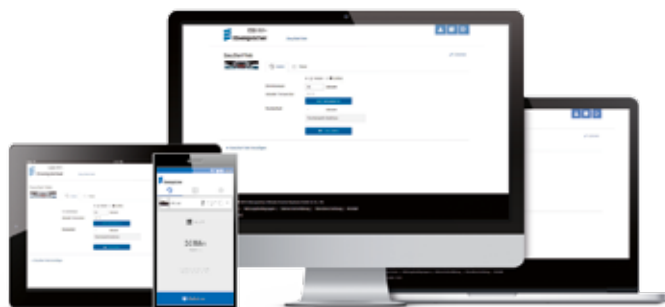

The completely newly developed EasyStart Web is the absolute highlight in our range of control units for our pre-heaters. It features a permanently installed SIM chip for access to the best mobile network in each country. Via the internet, the wireless network-based receiver can be operated from any distance via smartphone, smartwatch, a tablet or PC. Apps are used for iPhone and Android devices. A web app (browser version) optimised for mobile devices is available for other operating systems.

1. ADVANTAGES (FUNCTIONS):

- Pre-installed SIM chip replaces insertable SIM card.
There is therefore no need to insert or exchange a SIM card
- Access to the best mobile network in each country
- Integrated antenna in the receiver allows for easy installation
- End user simply books annual flat rate
- No roaming problems: can be used abroad without difficulties
- Intuitive operation with newly designed smartphone app
- Compatibility with all web-enabled devices using a browser version optimised for mobile devices
- Automatic calculation of runtime
- Low voltage warning for the vehicle battery
- Display of current device status (e.g. operating mode, temperature, timer etc.)
- One other control unit (EasyStart Select, EasyStart Timer or EasyStart Remote) can be used in addition.
- Functions can be controlled simultaneously (e.g. timer programming, switching on and off)
- Remote browser diagnostics available (on approval by end customer)

2 FURTHER FEATURES:

- Excellent network coverage in Austria, Belarus, Belgium, Czech Republic, Denmark, Estonia, Finland, France, Germany, Great Britain and Northern Ireland, Italy, Latvia, Lithuania, Netherlands, Norway, Poland, Romania, Russia, Sweden, Switzerland, Turkey, Ukraine
- Apps for use with Android and iPhone, as well as a web app for all other operating systems
- Up to 5 EasyStart Web devices can be operated by each user account
- Up to 5 users can use each EasyStart Web device
- Hardware is compatible with Hydronic S3 Economy, Hydronic 2, Hydronic 1 (12 V) from 2009, Hydronic 2 Commercial (12 V & 24 V), Hydronic M II (12 V & 24 V) plus Airtronic (12 V & 24 V) from 2007, and all future heaters
- On/off switch with operating display included
- Temperature sensor included

TECHNICAL DATA:

Dimensions L x W x H (with fastening brackets)	mm	126 x 66 x 25
Protection rating		IP 40
Average standby current consumption	mA	< 5
Current consumption	A	< 0,5
Operating temperature	°C	-40 to +85
Wireless network module in the automotive version		Integrated quad-band GSM module (2G)
